

Fathia Mousa H Altalhi
Master in Organic Chemistry MSc
Professor Assistant at Faculty of Education of Janzour
Chemistry Department
Tripoli University

Personal Details:

Name: Fathia Mousa H Altalhi
DOB: 28 - 11 – 1969
Status: Married
Address: Alsahly Road, Janzour East.
Email: altalhyf1@gmail.com
F.Altalhi@uot.edu.ly

Qualifications:

2022 PHD in Human Development Social Science Canadian center for Human Development
2005 MSc Organic Chemistry Picardie Jules Verne University
1999 Higher Diploma in Analytical Chemistry Musrata University
1994 BSc in Chemistry at Benghazi University

Experience:

Teaching Assistant in Chemistry Laboratories at Omar Mukhtar University
Lecturer Assistant and Curriculum Coordinator at Omar Mukhtar University
Lecturer Assistant and Study and Exam Coordinator Faculty of Education of Janzour.
Head of Chemistry Department Faculty of Education of Janzour.
Professor Assistant and Curriculum Coordinator in Organic Chemistry Faculty of Education of Janzour

Work Experience:

1995 – 1996 Teacher at Aljala Secondary School
1996 – 2006 Teaching Assistant in Chemistry Laboratories at Omar Mukhtar University
2006 – 2009 Lecturer Assistant and Curriculum Coordinator at Omar Mukhtar University
2009 – 2012 Head of Chemistry Department Faculty of Education of Janzour.
2012 – 2013 Lecturer Assistant and Study and Exam Coordinator Faculty of Education of Janzour.
2014 – 2015 Head of Chemistry Department Faculty of Education of Janzour
2016 – 2022 Curriculum Coordinator in Organic Chemistry Faculty of Education of Janzour

Curriculums Taught:

Chemistry for Secondary School
General Chemistry Labs 1 and 2
General Chemistry Tutorials 1 and 2
Analytical Chemistry Labs 1, 2 and 3
Physical Chemistry Labs 3
Organic Chemistry Labs 1, 2 and 3
Organic Chemistry 1, 2 and 3

Training Courses

1998 – 1999 English Language in Manahel Center Albeda Libya
2002 – 2003 French Language in Cavalme Institute in Vichy France
2021 – 2022 International Trainer in Human Development Canadian center for Human Development

Administration Experience:

**Education Managements MS Office Word Excel Photo Shop Power Point
And ISIS Draw 2.3 for Chemistry Compound Equations**

Published Scientific Researches:

1-Determination of the hardness in ground water of different districts in janzur – libya

2- A comparison between three organic solvents to extract essential oils from fresh and dry leaves of salvia officinalis L

3- Determination of some cations in ground water of different districts in janzur – libya

4-Extraction of Esstential oils from dry leaves and seeds of Moringa Oleifra. L using organic Solvents to determine the physical-chemical properties and their percentage ratio of the extracted elements

5- Determination of some anions in ground water of different districts in janzur-libya

6- Paracetamol as organic compound induced the decrease in the antioxidant enzymes and thiobarbituric acid-reactive substances in male rabbits

7- THE ROLE EFFECT OF PHENOLIC COMPOUNDS OF GRAVIOLA ON ENHANCE LIPID PROFILE IN MALE RABBITS
