

Najemedin Haribash

Head of Math department in Tripoli
University Tripoli, Libya

Cell Phone: 00218926023781
Email: n.haribash@uot.edu.ly

Career Objective

To conduct a research as visitor Professor

Education

- **Ph.D.** in Mathematics from Jagiellonski University Faculty of Mathematics and physics,
Krakov- Poland “On the von Forester equations with delayed arguments and asymptotic properties 03/2003
- **M.S.** in Mathematics from Jagiellonski University Faculty of Mathematics and physics, **Krakov- Poland** “Vibrating membrane and energy inequalities, 09/1998
- **B.Sc.** in Mathematics, Tripoli University, Faculty of Science, Tripoli- Libya. 06/1984

Professional Experience

- Head of Math department, Tripoli University 07/2009-12/2013
Supervising graduate and undergraduate student's projects, teaching course materials
- Assistant Professor, Math department , Tripoli University 9/2005-06/2009
Teaching and supervising undergraduate students
- Math Instructor at Tripoli College 09/2003-06/2005
- High School Math Teacher 09/1986-12/1989

Publications

- Dawidowicz,A.L, **Haribash, N.J** (1999), On the periodic solution of von forester type equation,
Universitatis Iagellonicae Acta Mathematica
- **Haribash, N.J** (2001), Delayed . von- forester equation, **Universitatis Iagellonicae Acta Mathematica**
- Dawidowicz,A.L, **Haribash, N.J** (2005), On the dense trajectory of lasota equation,

Universitatis Iagellonicae Acta Mathematica

□ Dawidowicz,A.L, **Haribash, N.J**, poskrob,A,(2007), On the invariant measure for the quasi-linear lasota equation, **Mathematical Methods in the Applied Sciences**

• **Haribash, N.J**, (2009), Delayed . von- forester integro-differential equation , with multidimensional space, **Faculty of Education Tripoli University**

• **Haribash, N.J**, (2011), On the ergodic property of dynamical system generated by nonlinear Lasota equation, **Faculty of Education Tripoli University**

Courses Taught

- Ordinary differential equations
- Partial differential equations
- Integral equations

- Real analysis 1,2

Computer Skills

- Microsoft Office
- Internet
