

GOMAA SULAIMAN, HD, PGD, MSc, PhD

Email: laithslm@yahoo.com

Phone: +218924662553

WhatsApp: +353863108094

-
- Professional PhD degrees with overall lab experience especially in cell-based assay development, molecular biology, cancer research , genetics and quality control analyses
 - Strong **team building** and **mentoring ethos** with a focus on **quality** and **budgetary guidelines**, as evidenced by the **line management of 1350 undergraduate students, 32 technicians,6 researcher assistance, and 7 lecturers**, as **five year head** of the Dental technology department, Tripoli university
-

Employment History

2021-up to date	Lecturer. Medical Technology College, Tripoli University, Libya.
2013- 2020	Administrative supervision and teaching (part Time) Libyan School St. Colmcille’s School. Dublin,Ireland
02/2019- 12/2020	QC Inspector (Part time) Almursed for Inspection and Conformity .CO Tripoli, Libya
02/2019- 12/2020	QC Inspector (Part time) Almowazna for Inspection and Conformity .CO Tripoli, Libya
2016-2019	Researcher, Cancer Stemness Group. Coombe Women’s Hospital, Dublin & Department of Histopathology, Trinity College (TCD)
2012-2015:	PhD –Cancer stem cell Department of Histopathology, Trinity College.
2007-2012:	Head of Dental Technology Department. Medical Technology College, Tripoli University, Libya.
2006-2012:	Lecturer in Medical Technology. Medical Technology College, Tripoli University, Libya.
2001-2003:	MSc Student, Biochemistry Department. Royal College of Surgeons (RCSI) Ireland.
1996-2000:	Supervisor, Private Diagnostics Laboratory. Kortoba Clinic, Tripoli, Libya.
1993-2000:	Medical Scientist. Laboratory Medicine Department, Meatiga Hospital, Tripoli, Libya.

Academic Qualifications

- 2019: **PGD**, Medical Device Technology and Business (QQI) Innopharma & Griffith College.
- 2016: **PhD**, Cancer Stem Cell Biology, Trinity College Dublin.
- 2004: **M.Sc** Human Molecular Genetics, Royal College of Surgeons, Ireland.
- 1991: **HD** Medical Technology, Tripoli University, Libya.

Up to Date Courses

- 06/2023 **Administrative leadership** course. Manaret Alnajah Academy, Tripoli, Libya
- 10/2021 **professional Diploma, Medical Quality Management**. Al-Afdal Organization for Health Training and Development, Tripoli, Libya
- 01/2021 **Active Learning Strategies** course. Kenzan Foundation in cooperation with the Libyan School Dublin Ireland.
- 04/ 2020 **Professional Trainer** Preparation Course, MED Center Nabeul, Tunisia
- 11/2019 **PC maintenance** and network basics . CDETb ballyfermot training center
- 09/2019 **Strategy, Leadership** and the Culture of Innovation. Innopharma
- 01/2019 **Operational Excellence** and the Science of Innovation. Innopharma
- 09/2018 **Medical Device** Quality Systems and Regulation. Innopharma

Trainee

- 09/2017 **Protecting Children** in the Age of Globalization. Irish Islamic Society and Peace Center for European Muslim Studies.
- 2010 **Workshop on ways** and means of evaluation of educational programs at the Institute of Planning
- 2009 **Workshop on quality** auditors at the Office of Quality Assurance of Higher Education
- 2004 **Newborn screening test** at Newborn screening unit, Department of Pathology, Temple street children hospital, Dublin Ireland
- 2005 **Gas Chromatograph** at organic chemistry lab. Temple street Children Hospital, Dublin Ireland
- 1992 **Pathology department**, medical college, Tripoli university, Tripoli, Libya
1991. **Blood bank**, Biochemistry and hematology Department, Al-Jala Maternity Hospital, Tripoli, Libya.

Memberships

- 2012 – to date: Irish Association of Cancer Researchers.
- 1994 – to date: Association of Medical Laboratories (Libya).
- 1992 – to date: Association of Medical Professionals (Libya).

Techniques

- *Self-renewal and differentiation of cancer stem cell models.*
- *Lineage differentiation of pluripotent stem cells.*
- *Cell culture including small interfering RNA (siRNA) optimisation and transfections.*
- *Over-expression plasmid transfections.*
- *Bacterial transformations.*
- *RNA and DNA (plasmid prep) isolation.*
- *cDNA synthesis.*
- *Real-time PCR.*
- *Immuno-Histochemistry*
- *Flow cytometry and fluorescence activated cell sorting (FACS).*
- *Chemotherapy drug treatments and toxicology assays.*
- *Peptide inhibition drug treatment and optimisation.*
- *Interleukin Elisa assay.*
- *Co-culture and conditioned media experiments.*
- *Gene expression microarray, sample preparation through to scanning.*
- *MicroRNA expression microarray, sample preparation through to scanning.*
- *Expression microarray genelist analysis.*
- *Successfully supervised 3 MSc students to date.*
