Graduation Project Proposal

Title of the Research Proposal:

.....

Student Name (s):

1-.....

2-

Supervisor name:

.....

Date of Submission:

...../...../.....

Tips for Writing the Proposal

- **Be Clear and Concise:** Ensure that your proposal is well-organized and free of unnecessary jargon.
- **Justify Your Choices:** Provide clear justifications for your research design, methodology, and any theoretical frameworks you are using.
- **Show Relevance:** Demonstrate how your research will fill gaps in the current literature and its relevance to the field of ELT.
- **Plan Realistically:** Ensure that your proposed research is feasible within the time frame and resources available to you.

The Proposal

Title:

.....

.....

.....

Introduction

- Background and Context of the Research: Provide an overview of the topic and its relevance to ELT.

.....

.....

.....

.....

.....

.....

.....

.....

.....

- **Research Question and objectives:** Clearly state the main research question(s) and objectives.

Research question (s):

.....

.....

.....

Objectives:

.....

.....

.....

- **Significance of the Research:** Explain why this research is important and how it will contribute to the field of ELT.

.....

.....

.....

.....

.....

.....

- **Statement of Problem:** Define the specific problem or issue the research will address.

.....

.....

.....

.....

.....

.....

Literature Review

- Overview of the Field of Study: Summarize the current state of research in ELT related to your topic include:

- Key Theories and Concepts: Discuss the main theories and concepts that will underpin your research.

- Identification of any Gaps in the Literature: Identify gaps or areas that need further investigation, especially focusing on recent work (last six years).

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

Research Methodology

- Research Design and Approach: Describe the overall research design (e.g., qualitative, quantitative, mixed methods) and approach (e.g., case study, experimental, survey).

.....

.....

.....

.....

.....

.....

- Sample and Sampling Method: Specify the population and sampling method you will use.

.....

.....

.....

.....

.....

.....

- Data Collection Methods: Explain the techniques and tools you will use for data collection (e.g., interviews, questionnaires, observations).

.....

.....

.....

.....

.....

.....

- Data Analysis Techniques: Describe how you will analyze the collected data.

.....

.....

.....

.....

.....

.....

- Ethical Considerations: Discuss any ethical issues related to your research and how you will address them.

.....

.....

.....

.....

.....

.....

References

- List of Sources Cited: Provide a comprehensive list of all sources cited in your proposal, following a standard citation style (e.g., APA, MLA).
