After secondary school I had done one year pre-medical course in faculty of science , Tripoli University, Tripoli Libya 1979-80. Then completed six years in faculty of medicine , out of which three years spent in studying basic medical sciences including ,Anatomy , Histology , Pathology, Physiology , Microbiology, Pharmacology , Biochemistry and Paracytology. Followed by two years , during which I had studied clinical Medical Sciences including Ophthalmology , Obstetrics and Gynecology, Forensic Medicine ,Community Medicine , Pediatrics , Internal Medicine, and Surgery. Followed by one year internship , which distributed as 3 months general and special medicine , 3 months in general and special surgery , 2 months Obstetrics and Gynecology, 2 months Pediatrics , one month community Medicine and one month as elective period in trauma.

Post Held:

Two years Rotation between general and general and special surgery.

Director of Abi-Setta chest hospital Tripoli Libya (1990-93).

Head of Anatomy Department Tripoli University (1996-2002)

Professor of anatomy and Head of Anatomy Department Tripoli University (2006 – still to date)

Scientific Interests and activities:

1. Axonal response to trauma.
2. Morphometric analysis of external ear morphology and face parametric among Libyan Population.

Experiences:

Worked from 1st of June 1986 till May 1988 In general surgery department Salahuddin.

As Registrar in Thoracic surgery Department Abbi-sitta chest hospital from May 1988 till 1993 and as director from 1989 to 1993.

Worked as Lecturer in Anatomy Department University of Tripoli , Libya , during which I was participating in giving lectures to both medical and dental students , discussion , practical secessions to ,medical students, and organizing and supervision examinations to both medical and dental students .

Have been participating in Opening new anatomical departments, in some Universities, and as Lecturer and external examiners in all medical colleges in Libya.

Publications:

1. Stereology and Ultrastructure of Chronic Phase Axonal and Cell Soma Pathology in Stretch-injured Central Nerve Fibers.

Ahmed Mohammed Sulaiman, Nicola Denman, Shaun Buchnan , David I. Graham , William L. Maxwell. Journal Of Neurotrauma 28:383-400 (march 2011) .

2. LEPTIN DYSFUNCTION AS A LINK BETWEEN GALLSTONE AND OBESITY. Mahjiub I. Zendah and Ahmed M. Sulaiman. Bull Fac.Sci., Zgazig University, 35(2013) 633-642.

3. Optic Nerve Responses to stretch Trauma .Sc.J.Az.Fac. Vol.31, No.1, Jan. 2010-:297-306

4. Central Axonal response to stretch injury AN immunohistochemical study.

Tripolitania Medical Journal; 2015,Vol. 4,No2, pp.75-80.

5. Structural study of the foregut differentiation. Al-Azhar Assiut Meducal Journal . AAMJ, VOL 13, NO 3, JULY 2015-supp 2.

6. Risk factors of stroke among Patients Admitted to Alkadra Hospital, Tripoli, Libya (2009-2010). Asian Journal of Medicine and Health 1(5) : 1-11, 2016 ; Article NO .AMAH .29903.

7. A Morphometric Study of the External Ear Morphology among Adult Male Libyan Population.

Tripolitania Medical Journal; 2017, Vol.6, No.2,pp 56-60.

8. A Morphometric Study of the External Ear Morphology, across gender and effete of age on Ear biometrics among male Libyan Population.

Algalam Magazine Issue (9) . 2019 pp 45-53.

Introduction to general anatomy (Book) . .9

10. Atlas of upper limb.

11. Atlas of thorax.
