

Summary Of Ahmed ARARA CV

I am currently an associate professor at Univesity of Tripoli (UoT)-College of Engineering at Computer Engineering Department. I received my PHD with high honor from the University of Lyon 1, Lyon, France in heterogeneous information system integration, an MS degree from Eastern Michigan University, USA in IT technology and a BS in Electronic Engineering from University of California, Davis USA. In the academia, I have taught variety set of courses to name only few: Software Engineering, databases, operating systems, system programming,...etc. In research, I have published several research papers in national and international conferences.

With respect to industry, I worked as a maintainance engineer in communication and RADAR systems. I, also, worked for several years as an IT engineer in the field of remote sensing and GIS technology.

I have participated in several Libyan national projects in IT, namely the National ID project and in the analysis of social security fund system requirements. My consultancy work in several applications, gives me big asset in dealing with complex technical IT problems. My main interest is information systems integration and database design.

Ahmed ARARA

Ahmed ARARA

Metairie, LA 70003
Phone: 504-401-7485
Email: ahmedarara3@gmail.com

EDUCATION

2001_2005 PhD in Computer science, Laboratoire d'Infomatique en Image et Systemes d'information (LIRIS)-FR-2672 CNRS/INSA de Lyon/Universite' Lumiere Lyon 1, Lyon INSA de Lyone.

2000_2001 Intensive French course, CAVILAM, Vichy, France.

1980_1983 Master of Science degree (MS) in information technology, Eastern Michigan University, USA.

1970_1975 Bachelor of Science in Electrical Engineering, University of California Davis, USA.

PROFESSIONAL EXPERIENCE and Activities

2007-2018 Associate professor at University of Tripoli, College of Engineering, Computer Engineering Department.

Consultant for the national NID project in Libya.

2005-2007 lecturer at University of Zawia, Libya.

Consultancy in geospatial information quality.

Participation in the GIS Portal of data in Libya, customizing Metadata standards.

1995-2000 System analyst of conventional information systems (pay roll, personal filing System, etc.), and systems analysis in the domain of Remote Sensing and Geographic Information Systems Applications-Remote Sensing Center-Tripoli-Libya.

1995-2000 Lecturer at University of Zawia,Libya.

1989-1990 Graduate student at large in the department of computer science-University of Ottawa, Canada.

1984-1989 Lecturer: University of Tripoli, Libya.

1975-1979 Maintenance Engineer: Department of Communication ,Tripoli, Libya.

INTEREST

Sports (Jogging, swimming, etc.), social activities...

COMPUTER PROGRAMMING AND EXPERIENCE

Research Interest

My research interest is semantic interoperability of information systems integration, semantic Web, and ontology development methodologies. The subject of my PhD dissertation is to investigate the multi-representation ontologies as an approach to integrate heterogeneous information sources in a specific domain namely the urban domain.

Publications

International Conferences:

1. Publication 2018

Omar Shgeim, Ahmed ARARA, ElBahlul EIFGEEA, and Abduassalam Shlibek, "Analysis and Evaluation QoS of VoIP over WiMAX and 3g/UMTS Networks", LICEET 2018, Tripoli, Liby, 03-07-2018.

2. Publication 2015

Ahmed ARARA, ElBahlul EIFGEE, Mohamed BARGELAIL, "REQUIREMENTS OF INFORMATION ASSURANCE ontology-based framework of security management for e-payment networks", IIE 2015 Bangkok Conference, April 20-21, 2015, Bangkok(accepted).

3. Publication 2014

ElBahlul EIFgeea, Ahmed ARARA, "Technical Requirements of New Framework for GPRS Security Protocol Mobile Banking Application", Science Direct Procedia, Computer Science00 (2014) 000–000, Available online at www.sciencedirect.com.
