About me

Academic professional attached to pharmaceutics department, University of Tripoli with a teaching experience of 4 years. I can implement effective academic teaching abilities at local and global level with an ability to work effectively with others to achieve common goals. My greatest strength is academic and research skills which can be directed to explore various topics. Seeking to leverage my academic skills at University of Tripoli to benefit my society.

I am a handicapped person, but I am able to do my all tasks by myself. This physical disability makes me concentrate on and be more skillful on the activities that require a computer.
