

Curriculum vitae

General information

Name	Naziha R. Rhuma
Date & place of birth	Tripoli 02.10.1962
Sex	Female
Nationality	Libyan
Marital status	Single
Tel Mobile	00218912157900
Language	Arabic
Language of study	English
Email	dr_naziha_r@yahoo.com

Professional qualification

June, 1987	MB.B Ch Faculty of medicine Al Fath University, Tripoli Libya.
December, 1992	D.C.H Garyounis University, Benghazi.
January, 1996	Libyan Board of pediatric specialization.
Mars, 1996	Arab board of pediatric specialization.
September, 2004	MMedSDi of nephrology, University of Sheffield England.

Membership of learned societies

1. Arab society of nephrology and transplantation
2. Pan Arab pediatric society of nephrology
3. Libyan scientific society of ultrasonography
4. Libyan society of nephrology and transplantation.
5. European society of pediatric nephrology.
6. International Pediatric Nephrology Association.
7. Dialysis Libya.

Work experience

A. 15.07.87 to 14.07.88

Internship

General medicine	3months
General and special surgery	3 months
Obstetric and gynecology	2 months
Pediatrics	2 months
Community medicine	1 month
Elective (dermatology)	1 month

B. Jobs held in position of S.H.O

01.09.88 to 30.08.89	Neonatology at El Gala maternity hospital under supervision of Dr. A.M Aborawi
01.07.89 to 31.07.90	G. pediatrics at Tripoli Children Hospital under supervision of Dr. A. Shaban
01.08.90 to 30.05.91	Oncology and Hematology at Tripoli Children Hospital under supervision of Dr.Salem Zarouk
01.06.91 to 30.12.91	ICU at Tripoli Children Hospital under supervision of Dr. A.Magadami

C. Jobs held in position of registrar

01.01.92 to 31.12.92	Neonatology at El Gala maternity hospital under supervision of Dr. A.M Aborawi
01.01.93 to 30.04.96	Nephrology at Tripoli Children Hospital under supervision of Dr O. A. Fituri

D. Jobs held in position as first on call

01.05.96 to 31.12 97	Nephrology unit with Dr .O. A. Fituri and Dr M. Turki and first on call in unit A at Tripoli Children Hospital.
01.01.98 to 31.08 03	First on call in unit A at Tripoli Children Hospital with Dr I. Baroni and Dr. S. Garsa , (general pediatric) also cover follow up clinic of nephrology cases and Ultrasonography.
20.09.03 to 30.09.04	Master of nephrology (University of Sheffield) in Northern general hospital (Sheffield Kidney Institute). Ten modules in nephrology were studied including renal physiology, renal nutrition, renal histopathology, epidemiology, tropical nephrology, pediatric nephrology, dialysis, renal transplantation, general nephrology and statistics. Under supervision of Dr A. Maged EL Nahas .
01.06.04 to 30.09.04	clinical attachment in pediatric nephrology at children and young adult renal unit at Nottingham city hospital under supervision of Dr Alan Watson .
01.10.04 to 30.04.07	First on call in Nephrology unit at Tripoli Children Hospital and cover first on call at Unit at Tripoli Children Hospital

E. Jobs held in position as pediatric consultant

15.05.07 – 31.12.18 Consultant pediatric nephrologist in Nephrology unit at Tripoli Children Hospital.

1.1. 19-up to date - Head of Nephrology unit at Tripoli Children Hospital.

1.10.2017 up to date
- Head of Pediatric department faculty of medicine University of Tripoli.

Clinical experience

a) General pediatrics:

I have gained experience in all areas of general pediatrics ranging from proper assessment of cases, doing intervention procedures as inserting I.V lines, doing lumbar punctures as well as emergence resuscitations.

b) Neonatology

This job involved attending the newly deliveries babies, doing resuscitation and doing procedures like bladder tap, lumbar puncture, blood exchange transfusion, inserting umbilical catheters, managing all neonatal cases and attending postnatal ward as well as dealing with babies on mechanical ventilation.

c) Oncology and Hematology:

In this job I have experience in dealing with oncology and hematology cases, doing bone marrow aspiration and biopsy, giving intrathecal treatment, attending oncology and hematology clinics, examining bone marrow and peripheral blood slides.

d) Intensive care unit:

I have experience in dealing with emergency cases, doing resuscitation, inserting chest tubes, doing venous cut down and dealing with patients on mechanical ventilation.

e) Nephrology:

I have experience of most pediatric nephrology cases. Attending clinical follow up clinic such as UTI clinic, general nephrology clinic, good experience in following up children with renal transplant, experience with children had renal stone disease especially children with hyperoxaluria. I had good experience in Hemodialysis and peritoneal dialysis. Also I have gained experience in using Ultrasonography in work up of children with nephrological disease. In Nottingham city hospital I attending transplantation clinic twice per week for three months with Dr Aln Watson, also attended renal biopsy procedures in children and young adult renal unit.

f) Teaching staff as prof. associate at **Pediatric department University of Tripoli** since 2010 and now I am the head of pediatric department at University of Tripoli since 1.10.2017.

g) Libyan board examiner.

h) As external examiner for Arab Board of Pediatric Specialization exams.

i) Education at university I was the organizer of work shop of different courses like teaching Tips and OSCE.

j) The organizer of Arab board teaching courses since 2010.

Courses and conferences:

1. I have actively participating in two course in ultrasonography:
 - ❖ In Tripoli (October 1993) at Alkadra Hospital.
 - ❖ In Musrata Libya (1995) under the care of MASU(Mediterranean and African society of Ultrasonography).
2. Al Academia first symposium for pediatrics 13-14 May 2006.
3. Teaching tips for clinical researchers 26-27 Jan 2008.
4. Principles and problems of renal replacement therapy course in Palermo Italy by (EACCME) 07 Oct 2006.
5. CME course home dialysis therapy, Stockholm, Sweden May 2008.
6. CME course A primer on basic science methods relevant to nephrology Stockholm May 2008
7. CME course on urine analysis Milano Italy May 2009.
8. Six sigma course at Tripoli Children Hospital Oct.2009.
9. Contribution for teaching tips courses for young doctors, Jan 2010.
