Current Post in Libya

- ◆ April 2015 To-date Specialist in Paediatrics
(General Paediatric, Rheumatology)
Tripoli Children's Hospital
Tripoli, Libya

Tripoli Children's Hospital is the main teaching children's hospital covering the west of Libya, the hospital has 200 beds including beds in general wards, special care baby unit, paediatric ICU, haematology, nephrology and cardiology wards. There is speciality OPD including endocrine, respiratory, nephrology, cardiology, rheumatology OPD, etc.

I am doing regular on-call in the consultant rota in general paediatrics, as well as regular ward rounds. I am an active member for the paediatric rheumatology team at Tripoli Children's Hospital, seeing patients twice weekly at rheumatology clinic as well as supervising patients while receiving biological treatment.

Management Experience in this post includes organising consultant rota, and organising postgraduate teaching in the unit

- ◆ June 2019 to date Lecturer in the faculty of medicine, University of Tripoli, giving tutorials and bedside teaching to fifth year students in general pediatrics
