

Curriculum Vitae

Name: Naima Khalifa El Ghariani

Date & Place of birth: May 29/1977

Nationality: Libyan

Martial status: Single

Address: University of Tripoli- Faculty of Engineering- geological Engineering Department, Tripoli-Libya

E-mail: nkgariani@yahoo.com, nkgariani@gmail.com

Specialization: Mineral Resources

Mobile & Phone No.: +218925024656/+218915304656

Qualifications

BSc. Degree from Geological Engineering Department, Tripoli University in Fall 99-2000. Graduation project was on "Study of Geological and Geoengineering Properties of Crystallized Limestone in Mizdah Area, NW-Libya".

M.Sc. Degree from Geological Engineering Department. Tripoli University in Spring 2007. Post graduation was on " Role of Oil-field water Geochemistry in Hydrocarbon Exploration and Production in Nasser Field, NC-6, Sirt Basin-Libya".

Experience

I worked in Geological Engineering Department, Faculty of Engineering as "Research Assistant" for 2003-2013.

I am working in Geological Engineering Department, Faculty of Engineering as "Member of Teaching Staff" 2013 – 2022.

Practical Skills

- VIP student program (EAGE) of the 3rd North African/Mediterranean Petroleum and Geosciences Conference and Exhibition, 26-28 Feb.2007
- Attended the ninth Mediterranean Petroleum Conference and Exhibition from 7-9 Feb. 2006.
- Attended a short course on sequence Stratigraphy Applied to Exploration AAPG by Distinguished instructor /Vitor Abreu, 2006/2007.
- Attended workshop on natural Resources Management (Resource condition Assessment) by Curtin University of Technology, 13-15 June 2006.
- I contributed to drafting the report of Mineral sediments of parts of Liby, third generation by consultive engineering office,2007.
- Attended the first International Conference Geoinformation Technology to support Sustainable Development in Africa-GITSDA'2008' April 05th -07th , 2008 Tripoli-Libya.
- Attended the Petroleum systems-course and workshop in Geology of Southern Libya Conference and Exhibition, November, 2008 in Tripoli-Libya.
- Helping hand to drafting for introduction of mining engineering,2008.

- Attended a short course on Geochemical Methods for Oil and gas exploration.(25-Dec. to 26-Dec. 2018).

Scientific Activities

- I contributed to Laboratory teaching for approach (General Geology- Structure Geology and Minerals and Rocks), Tripoli University, 2003-2012.
- Teaching for studied (Geology and mining department) to Minerals and Rocks, Tripoli University ,2009-2017.
- I contributed to Laboratory teaching for approach (General Geology- Structure Geology) , Naser Aldin Algumi, Janzour, 2009-2010.
- Teaching for (geology) in faculty of Socializing teachers , 2009-2010, Tripoli, Libya.
- I had teaching some courses in Geological engineering department such as Mineralogy and petrology, X- ray, Economic geology and Geochemistry.
- I am supervisor for some student in petroleum branch in Geological engineering department.
- I was teaching Mineral and rock industry and Geoengineering at mineral resources branch in Geological engineering department.

Another Activities

- Assisting final project to B.Sc. for some student in Mineral resources division –geological Engineering department, 2010 and 2022.
- Assisting final project to B.Sc. for some student in Petrophysical division – geological Engineering department, 2009-2022.
- Contributed to Testing and study department and intendancy for records degree, geological Engineering department-Tripoli university,2010-2022.
- Some Field trips with geological engineering students,2009-2014.
- Serve as a member of the Alumni file review committee of the department of Geological Engineering, 2014-2022.
- Rapporteur of the Academic committee of the department of Geological Engineering, 2022.
- Member of the department’s quality committee,2015-2022.
- Coordinator of the Mineral Resources Division,2019-2022.

- **Sharing in Global Conferences:** Associate in Egypt conference, october,2007
- 1st International Conference on Chemical, Petroleum, and Gas Engineering, Alkhoms, Libya, ICCPGE2016
- The first scientific conference for the college of oil and gas at Zawia univrsity, March -2021 .
- Attended the first Conference of the development of humanities and applied sciences in light of knowledge technology) 12-Dec. 2021.
- **Sharing in Global Scientific Journals:** Effect of Archie’s constants on water saturation Estimation, Nubian Sandstone (Case study).Eng.Bahia M.Ben Ghawar, *Naima.K.Elgariani*, etc., the international journal of Engineering at information technology,Musrata-2017.
- A Hydrogeochemical Study of Ground water In the Region,Ghadames, Darj, Sinawin Northwest Libya Eng. Hanan Saleh Farag, *Eng. Naima Khalifa Elgariani, etc.*, The Libyan Journal of Agriculture 24 (2).

- Petrophysical Properties and Reservoir Layers of facha mamber, Girformation in Dahab Oil Field, Block74A, Sirte Basin-libya, **Eng. Naima Khalifa Elgariani** ,Enas.M. Albengazi, *etc*, 2021.
- Petrophysical properties of the Mamuniyat Reservoir Sandstone in I-oil Field- NC186MurzuqBasin-libya, **Eng. Naima Khalifa Elgariani**, Nesrin.F.Abu Ghalyah, *etc*,2021.

Signature: *Naima Elgariani 2022*
