Personal Data

Date: 10.04.2010

Full name : MOHAMED ALI ZAAGLOM
Passport No. : 502596
Nationality : Libyan
Date of birth : 28.07.1984
Personal statuts : Single
Address : Khoms, Libya
Mobile : 094 4106911
Tel. : 091 3939852
E-mail : zaglom@yahoo.com

Qualification

- **BSc in Architecture Engineering & Construction Planning** in the academic year **2008/2009**, Faculty of Engineering, Al-Mergib University.
- **Specialty: Archeturee Design & Construction Planning.**
- I continue my graduate study in the preliminary stage of MSc in th field of Archeticture Engineering and Construction Planning.

Experience

Scientific & Academic Activities

- When I was undergraduate, I worked in academic activities with the Jamahiryah Engineering Office and Matamayzoon Office, and conducted many works and designs.

Matamayzoon Office for Engineering Consultation, Khoms

1. Architecture design for some houses and villas.
2. Architecture design for commercial block at Khoms City.
3. Architecture design for a meeting hall at Sebha city.
4. Architecture design for a project of 99 hectare at the site of Al-Rabta Al-Sharquiya, Ghiryana (Libyan Company for Preparation & Construction Development).
5. Architecture design & supervising on the execution of a fence with 800 m long for Germa Shipping Co.
6. Participating in the direction and submission of opening a new roads & streets in Al-Khoms city plan.
7. Design & supervising many water pipes nets inside Khoms city.
8. Project of designating the general site of a tourist camp at Seleen area (Al-Loulua Company for Furniture).
9. Project of designing petrol station, Khoms Area (Al-Loulua Company for Furniture)

Borouz Office for Engineering Consultation, Khoms

Architecture design for a project of 100 hectare at Gadams City site.
(Libyan Company for Preparation & Construction Development).

Al-Jamahirya Office

- Participation in designing a tourist camp at Sirt city.

Engineering Programs which I have known and conducted:

1. Word Program.
2. Excel Program.
3. Power Point Program.
4. Auto Cad Program.
5. Goggle Sketch UP7 Program.
6. Archi Cad 9 Program.
7. Internet.

The sites which I cooperated with:

1. **Afaque Al-Mustaqbal Co., Khoms.**
(Drawing & supervising on the execution of wa0ter pipes net for 8.5 km long at Seleen, Khoms).
2. **Arwan Co. for Construction & Maintenance**
(Drawing a ground tank & conducting water nets at Awlad Yousif).
3. **Alwadi Co. for Construction & Maintenance**
(Drawing higher & ground tanks, in addition to water nets at Al-Khulafa, Seleen).

Research Activity

During my study, I issued and circulated a number of engineering papers in the international internet, and I participated in many engineering conferences such as: the Annual Conference of Libyan Universities on the Construction Engineering. Besides, I attended the engineering meetings in some of engineering fairs as well as the lectures on constructional engineering, and many book fairs inside Libya.

Languages

- Arabic - is my native language.
- English - intermediate level.

Hobbies

Reading - especially technical information in English and working on computer.
